## Collectable nintendo gameboy colour +5 games

I am selling this on behalf of my son.

It is the very special Nintendo Gameboy Colour edition.

I think this was a limited edition that was bought out. It is bright yellow with all the pokemon figures over the front of it. I also have 4 special pokemon games . The yellow version, silver, red, blue and a 5th one that has mario with 4 games in one on it.

Will post if you don't live locally.

These items are in excellent working order.
